NOW WHO'S READY TO CRUSH THIS?

It's pretty simple. Each day will either be a Shake Day or a Cleanse Day.

SHAKE DAY Replace two meals per day with an IsaLean Shake, and enjoy up to two healthy and balanced snacks and one 400- to 600-calorie meal. For example, you could have a shake for breakfast, enjoy a healthy meal for lunch, then end your day with a nutritious and delicious shake for dinner. For recipe ideas, head to your IsaLife app.

CLEANSE DAY On a Cleanse Day, you will reap the benefits of intermittent fasting by abstaining from normal meals and foods, and instead supply your body with four deep cleanse servings of Cleanse for Life. We have great news: Snacking is OK on Cleanse Days! We'll get into details on the next page.

Your monthly system may look something like the sample schedule below:

SHAKE DAY

CLEANSE DAY

Q: I'm nervous to start! How can I keep myself on track?

A: Accountability! Accountability! Accountability! You'll find that this journey is much easier when you surround yourself with support. Try joining the IsaBody Challenge where you can be part of a large and global community of others who are embarking on this same life-changing journey. We're all here to support one another. Head to [WelcomeToIsagenix.com](https://www.welcometolsagenix.com) for more information.

Q: How can I satisfy my hunger during Cleanse Days?

A: Simple! Try any of our Cleanse Day approved snack options such as savory Whey Thins or IsaDelight chocolates. Who doesn't want chocolate on a Cleanse Day?

Q: Why should I cleanse?

A: Cleanse Days can help kick-start your body's own detoxification systems. Isagenix Cleanse for Life is specifically formulated to provide your body with extra support as it prepares for the benefits of intermittent fasting.†

Q: Can I use IsaLean Shake Dairy-Free with my current system?

A: Yes! You can easily swap IsaLean Shakes for dairy-free IsaLean Shakes if you choose.

Q: How can I get creative with my IsaLean Shakes?

A: Easy! Try adding fresh fruit, spices like cinnamon, or Isagenix products like Isagenix Coffee, Greens, or Fruits. Just keep in mind that customizing your IsaLean Shake can mean increasing its caloric value.

Q: If I feel tired or have a headache, should I stop using my system?

A: Have a small snack if you are experiencing these symptoms. If your symptoms are serious or persist, please seek medical attention.

Q: I just completed two Cleanse Days in a row and want to do more! Can I continue to complete Cleanse Days to maximize my success?

A: Kudos for crushing your Cleanse Days, but don't overexert yourself. Keep it nice and steady. Remember, cleansing one day per week is recommended. You may choose to cleanse up to two consecutive days, but do not exceed more than that per week. We also recommend not exceeding four Cleanse Days a month.

Q: I'm a very active person, and I have been gradually increasing my workouts during my program. Should I eat more if I'm hungry?

A: Sounds like you're in! We suggest swapping out one or both of your IsaLean Shakes for IsaLean PRO Shakes, or simply adding a scoop of IsaPro to 1½ scoops of IsaLean Shake to increase your protein intake. The extra protein will help fuel your body with the nutrients and calories it craves while you're working out.

Weight loss, muscle gain, lifestyle, and other results depicted here reflect exceptional individual experiences of Isagenix Customers and should not be construed as typical or average. Results vary with individual effort, body composition, eating patterns, time, exercise, and other factors, such as genetic and physiological makeup.
